

Indian Council of Social Science Research (ICSSR), Mumbai Sponsored
Late Ramesh Warpudkar Arts, Commerce and Science College Sonpeth
and Vasundhara College, Ghatnandur organised

One Day National Seminar on

'Impact of Environmental Degradation: Causes, effects and Remedies'

22nd February 2020.

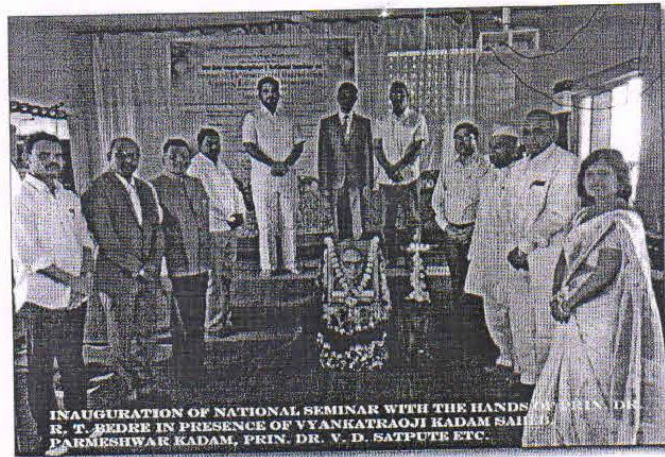

Seminar Report

Session- I- Inauguration (10-30 to 11.30)

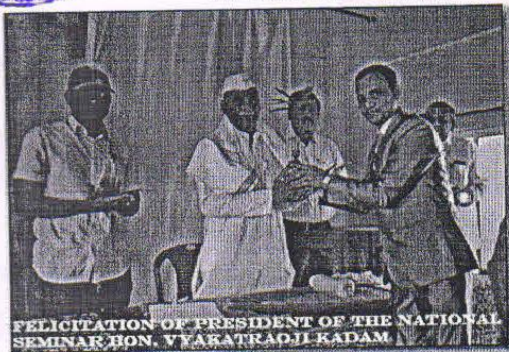

At the outset, we are very much thankful to ICSSR for sponsoring the event to this college on the important topics like 'Environmental Degradation'. We organised the event in collaboration with Vasundhara College, Ghatnandur on 22nd February, 2020. The detailed report of the event is as following. The inaugural session was chaired by Hon. Venkatraoji Kadam (ex MLA) of the region and one of the noted environmentalists in true sense. Prin. Dr. R. T. Bedre (Director, UGC-HRDC, Raja Harisingh Gour Central University Sagar MP) inaugurated the event. Honourable Parmeshwarji Kadam (President, Hanuman Shikshan Prasarak Mandal, Sonpeth), Dr. V. D. Satpute (Principal, Late Ramesh Warpudkar Arts, Commerce and Science college Sonpeth), Shri Chandrakant Lomate (Social-Worker) were present as Chief guests. Mr Kiran Swami (Editor, Sonpeth- Darshan) and Mr. Ganesh Patil (Reporter, Daily Punyanagari) were present on stage as media representatives.

Inaugural function was started with offering flowers to the photo of Swami Ramanand Teerth and lightening the lamp with the auspicious hands of all honourable guests. In the beginning all the dignitaries were welcomed with welcome-song by Neha Kirwale and Yogeshwari Sindhe which was followed by felicitation of all the guests. All the guests were felicitated by offering and thus thereby giving the message to save and Protect Trees.

INAUGURATION OF NATIONAL SEMINAR WITH THE HANDS OF PRIN. DR. R. T. BEDKE IN PRESENCE OF VYANKATRAOJI KADAM SAHEB, PARMESHWAR KADAM, PRIN. DR. V. D. SATPUTE ETC.

FELICITATION OF PRESIDENT OF THE NATIONAL SEMINAR HON. VYAKATRAOJI KADAM

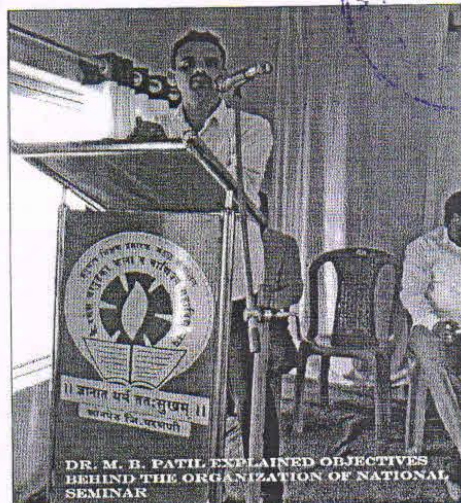

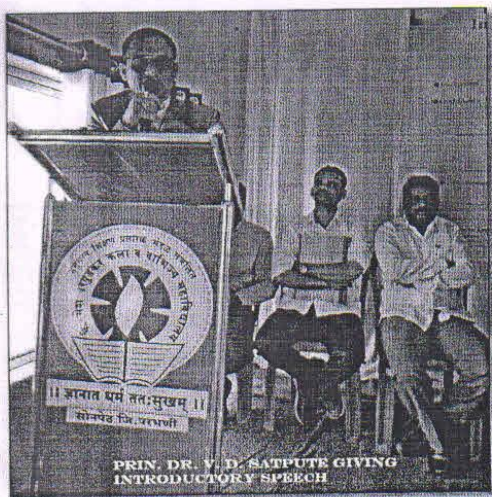

FELICITATION OF INAUGURATOR OF SEMINAR PRIN. DR. R. T. BEDKE (DIRECTOR, UGC-IRDC, SAGAR MP)

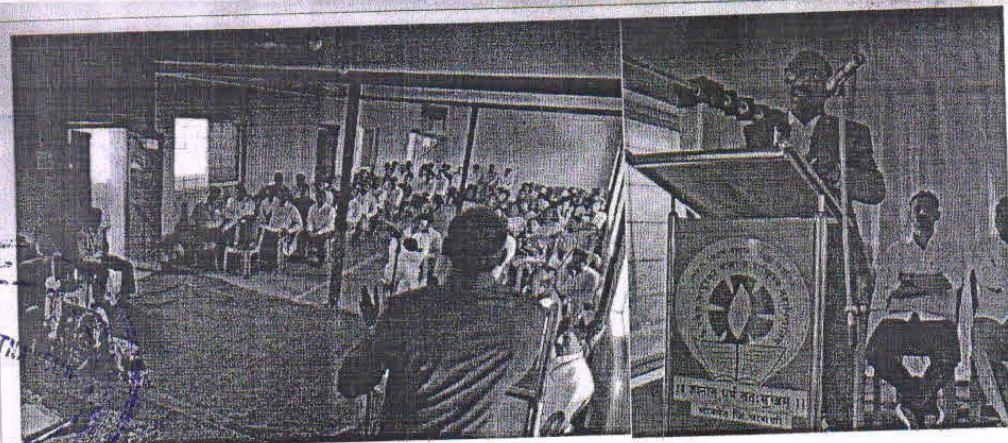

After felicitation, Principal Dr. V. D. Satpute gave introductory talk and mentioned that the college is grateful to ICSSR for sanctioning the event on a very crucial and current issue of environmental problems. During his speech he explained progress of college during last 25 years he also stressed the role of Educational institutions in Environmental Consciousness and Role of each person in the environmental protection.

Dr. Mukundraj Patil (Organizing secretary) explained the very objectives behind the organisation of one day National seminar on 'Environmental Degradation: Causes, Impacts and Remedies'. He also stated that each organism is the part of ecosystem but human is dominant one and he is taking most benefits from environment. Hence it is our duty to take care of environment. This seminar is organised to discuss about present situation of environment, causes behind environmental degradation and possible remedies

regarding environmental protection. It is expected that each participant will share this idea to their students and society.

In inaugural speech, Dr R T Bedre explained that, "India is one of the countries having large biodiversity and each organism is dependent on the biogeochemical cycles. Human being is dependent on environment since its appearance on the earth. After industrialisation, human beings started destroying the forests and thereby deteriorating the environment resulting in the environmental hazards especially during last three decades. Ozone layer is getting depleted day by day resulting into the global warming. Today the whole world is facing problems of global warming like polar ice melting rise in sea level irregular and uneven rainfall etc." In presidential address, Hon Vyankatraoji Kadam told that 'Climate change has affected on every aspect of life it is affecting agriculture very badly hence countries like India is suffering badly as it is affecting on economy of the nation. This session was anchored by Dr. B. V Andhale and Dr. S. V. Rankhamb while vote of thanks was expressed by Dr. S. A. Tengse (Convenor of the event).

INAUGURAL SPEECH GIVEN BY DR. R. T. BEDRE

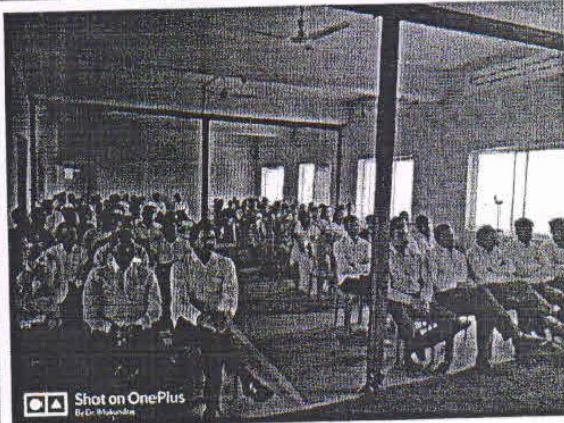

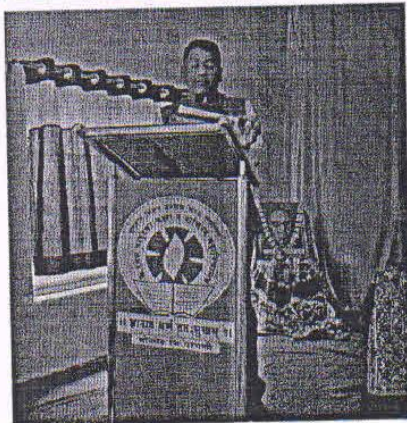

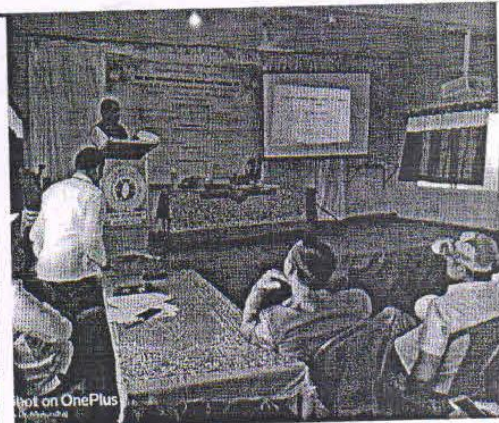

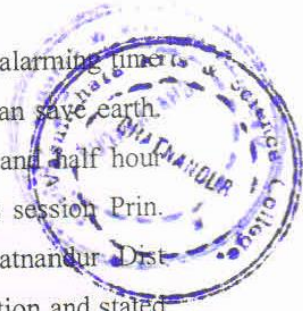

VOTE OF THANKS PRESENTED BY DR. S. A. TENGSE

Session- II – Key Note Address (11.30 to 1.00)

Second session was keynote address and speaker for this session was Dr Haridas Rathod (Principal, Gramin Mahavidyalaya mukhed Vasantnagar-Kotgyal) during his speech on **'Impact of Environment on human life and role of human being in environmental protection'** he said that 'Humans are making changes in the ecological order for his development. Though all our basic needs can be fulfilled by Nature, human greed resulted into destruction of environment. Till date human being has not taken environmental conservation

as serious aspect hence we are facing a lot of problems. Now it's alarming time if we continue to behave carelessly with environment, no one can save earth. Hence accept the challenge to conserve environment. His one and half hour PPT presentation enlightened the participants. President of this session Prin. Dr. A. Y. Dalve (Principal, Vasundhara Mahavidyalaya, Ghatnandur Dist. Beed) focus on Environmental challenges, Biodiversity conservation and stated that, "As human being is responsible for environmental degradation, he himself has to solve this problem as early as possible otherwise it will be too late to save humanity". This Session was anchored by Prof. Sakharam Kadam and Dr M. G. Somavanshi expressed the vote of thanks.

KEYNOTE SPEAKER PRIN. DR. HARIDAS RATHOD ADDRESSING THE AUDIENCE

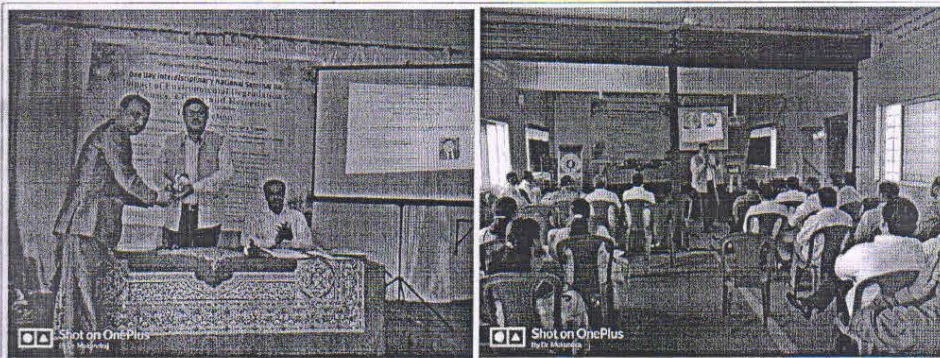

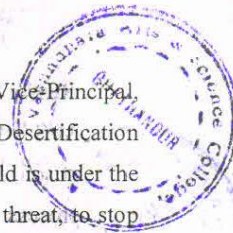

Session II: Plenary Session (1.00 to 2.30)

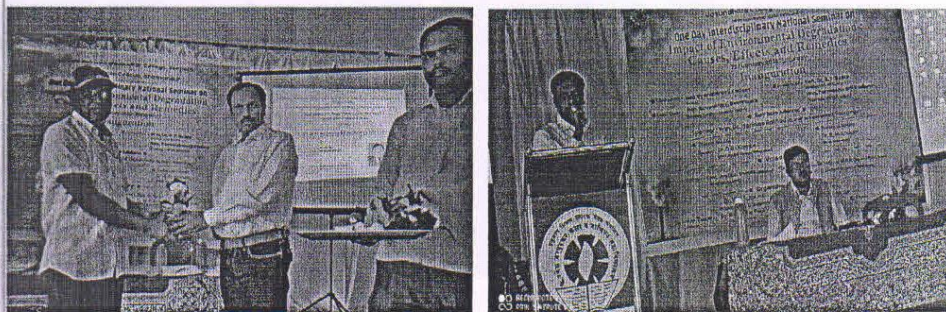

resource person for this session was Dr Dayanand Ujlambe (Vice-Principal, SAS College Gangakhed) during this session he focused on the Desertification of soil. He explained that 40% of the agricultural land in the world is under the process of desertification. Biodiversity of whole world is under threat, to stop this process a long term plan should be prepared and act accordingly. He also appealed researchers that this is our duty to gift next generation 'A nation rich in biodiversity and pleasant nature'. Chairperson of the session Dr. S. D. Dhavle (SAS College, Mukhed) said that Industrialisation and Civilization resulted into the environmental degradation. Humans must consider environment while achieving the development. Conservation of nature and natural resources must be the priority of the generation. This session was anchored by Dr B V Andhle and Dr V B Kulkarni expressed the vote of thanks.

Session-III- Plenary Session (1.00 to 2.30)

Resource person for this session was Dr Dayanand Ujlambe (Vice-Principal, ACS College Gangakhed) during this session he focused on the Desertification of soil, he explained that 40% of the agricultural land in the world is under the process of desertification. Biodiversity of whole world is under threat, to stop this process a long term plan should be prepared and act accordingly. He also appealed researches that this is our duty to gift next generation 'A nation rich in biodiversity and pleasant nature'. Chairperson of the session Dr. S. D. Dhavle (SAS College, Mukhed) said that Industrialisation and Civilization resulted into the environmental degradation. Humans must consider environment while achieving the development. Conservation of nature and natural resources must be the priority of the generation. This session was anchored by Dr B V Andhle and Dr V B Kulkarni expressed the vote of thanks.
