CRITERION VI – GOVERNANCE, LEADERSHIP AND MANAGEMENT

6.1 – Institutional Vision and Leadership

6.1.1 – Mention two practices of decentralization and participative management during the last year (maximum 500 words)

A decentralized functioning of the Institution empowers the quality of Institution in all aspects. The Faculty members participate in every activity and action plan. The Principal conducts regular meetings with teaching and non teaching staff for the effective implementations, suggestions/opinions from all members are always welcomed. Departmental meetings are taken in consultation with teaching / non teaching faculty. These decisions are reviewed by higher authorities /committees in case of needs. At the beginning of academic year various committees are formed and each committee is being empowered to execute its action plans. These various committees help us to decentralize the governance. NSS, Cultural and Sports departments have such authority. 1. Admission Committee to review the admission process and student profiles annually. Admission coordinators are appointed to facilitate the admission process. The outcome of such an effort results in bringing about transparency, streamlining and systematizing the admission process, following up of reservation policy strictly as per provision of the government and selection of meritorious and disciplined students from the weaker sections. Admission Committee counsels prospective candidates for admission before the application forms for admissions are released. the admission committee involves all members of the staff who cooperate and work at different levels. they also sit in at interface meetings and meet parents and students prior to admission. before the beginning academic year admission committee publish the prospectus, and spreads the information through the various social media. such as i Prospectus ii. Institutional website and use of Social media e.g. Facebook, Whats app etc. iii. Significant notice boards iv. Occasional advertisements. v. Annual College Magazine vi. Digital Banner . 2. there is a Building Committee with members from faculty,, architects, engineers, contractors and office staff to assist with the planning and execution of vertical extension of the college and planning for infrastructure associated with the new wing.

6.1.2 – Does the institution have a Management Information System (MIS)?

Yes

6.2 – Strategy Development and Deployment

6.2.1 – Quality improvement strategies adopted by the institution for each of the following (with in 100 words each):

Strategy Type	Details
Library, ICT and Physical Infrastructure / Instrumentation	1. Recreation Facilities The College has open space for outdoor recreation. Our College has canteen in the College campus and the College has the common rooms for girls and ladies staff. 2. Computer Facility, Library and Hygiene Facility Internet and WiFi facility,

5. Security For proper security a watchman is appointed. IT Infrastructure No. of computers with configuration (provide actual number with exact configuration of each available system.) Computer students ratio, Stand alone facility, LAN facility, Licensed software, Number of nodes/computers with internet facility Any other.

Curriculum Development

The Institution does not run any course on its own basis. All the courses run in the College are of the affiliating university. So, it is not necessary to develop the curriculum for any of the courses offered in the College. To analyze or ensure that the stated objectives of curriculum have been achieved, the performance of students is observed in the class-room. It is also watched through regular interactions and cross questionings. The success ratio of students in the university exams further ensures that the students have been provided qualitative teaching and the stated objectives of the curriculum are achieved in the course of implementation.

Teaching and Learning

Academic calendar is released by Parent University and is to be followed in totality by needed requirements of the College. The same calendar is published in the College prospectus, website, facebook account and whatsapp before the beginning of the academic year.

Teaching plan • Every teacher draws his/her teaching plan, broadly taking into consideration, the ability of students. These plans are reviewed and rechecked, if needed. • The academic calendar and individual

teaching plans are meant for broad reference. • The teachers also hold extra classes during the off period. • If necessary, extra classes are taken.

Evaluation Blue print • Oral and written class tests are scheduled at the end of the terms. • Class tests are taken internally before the final examination conducted by the university. • The combined score is considered for eligibility for the final university exams and the highest scorer and the second highest scorer (subject wise) are awarded prizes by the College as an incentive to study hard. • CoCurricular and Extra Curricular activities are evaluated on special days. IQAC contribute to improve the teaching - learning process by: IQAC identifies needs of training of the teachers and schedules the programme of training courses. At the advice of IQAC teachers are deputed to attend these programmes. IQAC also encourages the teachers to have discussions among the teachers. Feedback from the students is sought on the teaching performance of the teachers thereafter those teachers are advised accordingly. Teachers are also encouraged by IQAC to attend the conferences, seminars, workshops held in their respective subjects to upgrade their subject knowledge. The performance of the students is analyzed in the IQAC. Students are categorized as per their performance into slow learners and advanced learners. The special classes are organized accordingly need of the students.

Examination and Evaluation

Evaluation Reforms initiated by University: • The affiliating University has adopted semester pattern instead of annual pattern. • For the first year of the degree course entire college assessment is followed. • The Semester system has replaced annual examination method in all UG classes already. • Tablemarking has been introduced to ensure fair evaluation. • The parents are communicated their ward's progress during the Parent Teacher Meet and through informal meetings. • Internal assessment is awarded to the students as per the parent university criteria. • For the final year of the degree course, The University has prescribed a project

work as research activity.

Research and Development

The basic research facilities are available for the students and faculties. Internet connectivity has been provided to the Library to enable the faculty and students to review the academic as well as their research program. The research papers are published in VASUNDHARA inter multidisciplinary research book having ISBN No. Students and research scholars publish their papers. The publication platform is available for surrounding writers. two recognized research guides in History and English language remaining four teachers send proposal for guide ship. In the College campus the computer laboratory, library facilities are with internet connectivity, which is used for teaching as well as research. Staff, students and researchers are benefited from them. Some individual donors have given books to library. The College has established Research Committee to promote Research culture among faculties and students. • • Students are promoted to participate in Research activities. • The College is planning to have the online journal to promote research environment. • The Principal has been motivating the faculty to write research projects and apply to UGC. for research schemes.

Human Resource Management

There are many staff welfare schemes. The Institution recruits faculty members and staff based on the guidelines provided by the University. Effective system of A.P.I. of teachers is existed. Communication system with all the stakeholders is very good.

Industry Interaction / Collaboration

Faculty members and students from departments of Economics/ Geography organized industrial tours to various industries like sugar, cloth mill, milk projects etc. Students get the first hand knowledge and learn a lot from these visits.

Admission of Students

• Before the commencement of the new academic session the prospectus is made available to the students. All relevant information regarding the admission procedure, infrastructure, fee and scholarships, various activities of the College, achievements of the students in academic as well as sports and other

extension activities are conveyed through the prospectus. • The College has its own website from where students can gather information regarding the College. Email queries, if any, are responded promptly. • During all important functions the Principal transmits the same information to the audience. • Huge Billboards are fixed at strategic points on the campus boundary walls of the College building also serve the purpose. • The teams of teachers personally visit schools in the neighboring areas to publicize the achievements, infrastructure, courses available and the related facts of the College. • Transparency in the Admission Process • To ensure transparency in the Admission Process for all the courses, applications are invited in advance. Admission to every course is conducted under the supervision of Admission Committees constituted for the said purpose. • The Career Counseling Cell is always there for the help of the candidates. Admission registers of all the classes are prepared where details such as, the student's name, father's name, periodwise allotment of timetable, section, passing percentage, remarks of the students etc. • This record is available to any candidate to scrutinize in the office. Depending on the types of courses, the following criteria and process of admissions are adopted: • Students for general courses like B.A. are selected on merit cum first come first served basis depending upon the number of seats available especially in Arts , Commerce and Science Faculties. • The Counseling Cell of the College guides the aspirants for appropriate courses to make their choice according to their aptitude and ability. • The numbers of seats for Regular courses are limited so the College has to depend on merit cum first come first serve policy. The prospectus of the college gives entire information about the process of admission and extension activities of the college.

6.2.2 – Implementation of e-governance in areas of operations:

E-governance area	Details
Planning and Development	The Institution has a perspective plan for its infrastructural and

academic growth. The Institution has two acres of land and has its own building. As far as the infrastructural growth is concerned we have adequate classrooms and playground but we have yet to develop library building, science laboratories and administrative building. The Institution has 1,083 students and the present infrastructure is inadequate for the present strength. We desire to provide qualitative higher education which will provide employment to students. Hence the graduates who are passing from this Institution should be enabled with high potential and will be able to face the global competition. In future, the Institution desires to begin vocational courses introduced by UGC from time to time. It will help students to earn while they are learning. In future we also intend to begin new courses which will be more useful to students. The perspective Institutional plan is developed following the procedure of involving the cooperation of teachers, students and members of the Managing Committee. In order to formulate the strategy of development and deployment, the committees are constituted for each and every developmental work. Teachers have to participate in all the Institutional plans and wherever the situation demands, students and members of Management Committee are involved. The meeting of students is summoned to take their participation by means of selection of some students. In the Cultural Committee and Magazine Committee students are involved along with the teachers. In the committees related to infrastructural developments, the Principal is chairman and teachers are the members.

Administration

Almost all the feasible decisions of the IQAC have been approved by the management and institution as it has representation for the management also. The details are as given below: • The practice of preparing the academic calendar is discussed among Principal, Heads of the Departments, coordinators of various committees and the administrative staff. • The proper coordination of different academic, curricular and extracurricular activities is made effective through meeting and discussion implementation

of feedback mechanism by various stakeholders. • Daily Teaching Report (DTR) and teacher's teaching plan help to improve the academics systematically. • Various committees are formed for initiating, execution and monitoring of activities of the College such as admission committee, coordination committee, discipline committee, etc. • Curricular, co curricular and extracurricular activities are organized to achieve students overall development. • Through NSS unit of the College we inculcate patriotism and the spirit of social service among the students. • Sports activities play prominent role to maintain mental as well as physical health of the students. • The College has Auditorium Hall for conducting academic activities. • Departmental Associations promotes creative talent of the students. • Parents and Alumni meets are useful for getting feedback from the stakeholders. • Student's feedback about teachers, courses and support services are found very helpful for quality assurance. • Use of ICT has enhanced teaching learning process. • Career Guidance and Placement Cell helps students for employment in various fields. • IQAC is established to monitor the activities and to implement quality sustenance measures in the campus. • Students Council plays an important role in the process of decision making. • Regular meetings between staff, Principal, Management and non teaching staff are held to maintain monitor the works of the Institution. Within the existing academic and administrative system the Institution has developed mechanisms of its own for the quality assurance. The academic quality of the Institution is evaluated on the basis of the performance of the students in their examination. The teachers also judge the student's academic abilities by way of question - answers and written tests. The poor students are helped by the teachers to improve their academic quality by taking extra classes, guidance, providing notes and additional reading material. The administrative system also looks after the quality education in the Institutions. The different committees

	<p>set up by the Institutions are always aware to the administrative needs. The Coordination Committee, the Examination Committee, the Annual Magazine Committee and the Finance Committee are also constituted and are well equipped for quality assurance of the Institution's administration. The academic quality of the Institution is maintained by the teaching and learning process.</p>
Finance and Accounts	<p>The different committees set up by the Institutions are always aware to the administrative needs. The Coordination Committee, the Examination Committee, the Annual Magazine Committee and the Finance Committee are also constituted and are well equipped for quality assurance of the Institution's administration. the library committee prepares and plans for the book budget with individual departments. the financial audit is done by the external authorized chartered accountant per year.</p>
Student Admission and Support	<p>Student council has been formed as per the parent university guideline. It plays vital role to run the institutional and administration smoothly. Academic support is provided to weak students. The library welcomes students for reference and study. In case of serious illness students are visited in hospital and in companions. Financially challenged students are supported by the Institution. Various students welfare schemes are available in the institution by the Government of India.</p>
Examination	<p>Examination are held according to the schedule of the parent University. Photocopy of the answer sheets are provided according to the requirements of student. Rechecking facility is provided by the parent University. Timetable is dispatched on institutions website and social media applications.</p>

7.1.7 – Initiatives taken by the institution to make the campus eco-friendly (at least five)

1. **Energy Conservation:** The classrooms are naturally well lit that they hardly need any artificial lighting. The College has installed CFL's at the main places. This has helped a lot in conservation of electricity. We provide waste water to the plants and trees. To conserve the electricity the supply is switched off/unplugged for fans, lights, computers, printers and electrical equipments when not in use. There is provision of sufficient ventilation in each and every classroom, so use of fans, lights and artificial lights in the classrooms is limited. As there is sufficient numbers of windows for each classroom, the natural light is easily used by the students and teachers of the College.

2. **Plantation:** Plantation of trees is undertaken by the NSS department on the various occasions involving the guests and chief guests to plant the trees in the campus. The College organizes tree plantation program to inculcate this tradition among students. There are trees of different varieties e.g. fruits, Mango, Neem etc. The planted trees in the campus are kept in growing condition and provided with the necessary water by using the water harvesting project in the College and in summer these trees are fed using waste water from nearby water purifying plant. The College has already begun a nursery of different saplings. The works are being undertaken in campus to strengthen the ground water sources for the College. More stress is laid on the long term measures than the short term ones.

3. **Environment awareness:** is being created among the students and people for judicious usage of water. The core team of the College supports in this work. The harvested water and waste water from the water purifying plant is used by the College through pipeline to each and every plant in order to conserve various plants and trees to make the campus green and healthy with the help of students and peons. NSS Committee takes care of all the plants in the College premises.

4. **Hazard waste / E waste management:** The College has the system to dispel garbage in the College campus. The wastage of newspapers, parts of computer, electrical items and waste from science laboratories is collected by employees and it is disposed to raw material shop.

5. **The USE ME dust bins:** The USE ME dust bins are kept everywhere in the campus the dead leaves and the waste papers are not allowed to be put on fire. The leaves and small cheats of paper are used to be put in the tank which is used for plants and trees as fertilizer. The Institution always creates awareness about issues like pollution, conservation of natural resource, sustainable development among the student and the stakeholders. The Institution has taken steps to establish a bio project to recycle the waste material and scrap in the campus. The recycled material is to be used as the fertilizer to the trees and plants in the College campus.

7.2 – Best Practices

7.2.1 – Describe at least two institutional best practices

Title of the Practice 1. 'Open Art Festival' 1) Goal: 1. To provide open stage for surrounding artistic personnel 2. To encourage insight in the mind of the students 3. To cater confidence in their artistic skill 4. To awaken the artistic power of individuals 5. To maintain cultural heritage of Maharashtra through festival 2) The context To run this festival the College established a Cultural Committee. The College informs nearby schools and Institutes to participate in this festival by sending special letters and annual gathering invitation cards. The wide publicity is given in the daily newspapers. Earlier there is no open stage for surrounding artists in the region and no sources were available for student's encouragement and to develop their essential skills. Evaluation is not taken from artistic point of view. The prime concern of festival is that to maintain cultural heritage of the Maharashtra. 3) The practice In this open stage festival all teachers deputed to visit at least one school for the invitation. Through this festival we are able to provide open stage to the stakeholders. The College has made an effort to succeed this festival. We appoint examiners for the festival. All the expenses are borne by the College's Yashwant Pratishthan, the expenses include prize amount awarded to the winners and participants. The Committee invites and maintains the required applications. In the academic year 2019-20 total 36 teams were participated in the Open Art Festival . Total 42 students were participated. among them 11 boys and 31 girls. 4) Evidence of success Because of this open stage run by the Cultural Committee, students are able to participate in various activities and programs at university level and national level. the two groups were divided according to their age group from small group Ku. Umang Burande and her Group (Srujan Prathamik Vidyalay Chanai) got first prize 1501 rupees, memento and certificate, second prize achieved by Vaishnavi Shinde the nature of prize was 1001 Rupees, memento and certificate and third prize was achieved by Ashwini Khandekar, the nature of prize was 501 Rupees, memento and certificate. from huge group Shravani Nirmale and her group (Godavari Kunkulol Vidyalay, Ambajogai) was achieved first prize the nature of prize was 1501 Rupees, memento and Certificate the second prize was achieved by Dnyanesh Ghule and his group (Sankalp Coaching Classes, Ghatnandur) the nature of prize was 1001 Rupees, memento and certificate. The third prize was achieved by Rutuja Gitte the nature of prize was 501 Rupees, memento and certificate. We are creating cultural atmosphere in this area. Above all our Institution getting involved in this festival to get the fruitful results from the open stage festival. The participated students are very successively passed in their respective arts with good efforts. 5) Problems encountered and resource required for success of any work students and parents had to devote more time than it required. Right now the process is very smooth and time saving. It created good impression of the Institute at local level. The College contains students from sugarcane labor class, farming society and they are not aware about the higher education. They feel that once failed means end of their educational life. So such students were facing a lot of problems in studies. The College was finding it hard, how to decrease and control the drop out and failure rate. The students feel lethargy and they demand change, the faculty members introduced wallpapers. Through this action, we want to increase student's interest in their subjects and it is an invitation to their creativity and innovative ideas. These local artists, personal trainees are requiring for further development of artistic personnel. Lack of theatrical facilities in the surrounding area. So thus our second best practice helps to students not only our colleges but also it helps to near by schools and colleges students to expose their inner qualities and artistic personal view. Vasundhara College always opens its door to all the stakeholders to develop their skills and abilities through our both best practices. 1. Summer coaching camp 2. Open art festival. We are always ready to enhance the quality education

in this remote area of Maharashtra state. Title of the Practice 2: Summer Coaching Camp Best Practice was not conducted in this Summer due to Pandemic Situation of COVID-19 all over the world.

Vision, Priority and Thrust: Kamdhenu Sevabhavi Sanstha's Vasundhara College is a eighteen years old institution. It was established in 2000, It offers three year B.A., B.Sc. B. Com. programs. It is a prime Educational institution in Ghatnandur. The history of the region is subject to frequent changes. This region was ruled by Nizam of Hyderabad up to 1948. The local language is Marathi and the rulers language was Urdu. As a result, we find a good tolerable blender of these languages in day to day life of the people. In 1960, this region became a part of Maharashtra, a state of Marathi speaking people. Someshwar temple is one of the famous religious place of the area. It is believed that the temple was renovated by Ahilyabai Holkar in the sixteenth century. God Vaijnath, secondly a seat of Shri Jagmitra Naga, a great Saint. Both are the inseparable features of the cultural life of the people. The Educational facilities were very poor before 2000 . Before the year 2000 the aspiring students of the area used to go to Ambajogai and Parli Vaijnath for education as here was no senior college in Ghatnandur. The Railway lines reaching Parbhani on one side and Hyderabad on the other are the main links to Ghatnandur .This is the only place in Ambajogai taluka connected by Railway. Nearly 30 villages around Ghatnandur come under its command area. The College was formally inaugurated by late Sau Vimaltai Mundada, the cabinet Minister of Maharashtra. Initially the college was started with one stream i.e. Arts with 91 Students and 09 faculty members. The Motto of our college is "Education for Success" The college was established in rural area with the Vision 'The pursuit of Excellence through education'. The old premise consisted 08 small halls and some rooms which was in the place of Grampanchayat of Ghatnandur. In the phase of development, the strength and staff went on increasing and a new campus of nearly 2.05 acres was purchased where the college is located at present. The faculty of Arts was shifted to the new campus in 2009. Science stream was introduced in the year 2009-2010 and the commerce faculty is introduced in 2014-15.The new building was inaugurated by Late Sau. Vimaltai Mundada, the Cabinet Minister of Maharashtra. Since the beginning, our college is well known for offering U.G. programs. Vision Pursuit of Excellence through Education. Mission: 1.
