Our college is the centre of backward classes students.

The student's masses of the region were deprived of higher education before 2000. The region is generally inhabited by the nomadic tribes who were far from the higher education facility. Since its establishment the College has been providing quality education to such deprived people.

The number of backward classes is large in this district. with the aim of being committed to the overall development of the backward castes and tribes efforts are made to completely erase the mark of backwardness in the rural areas. Ghatnandur and its surrounding areas are mountainous, water scarcity, backward areas, majority of sugarcane workers, lack of livestock are not met, so the people of this area have to go to other districts as well as other states to get their livelihood. Majority of sugar cane labours of Beed district go to other states to cut sugarcane. Therefore, so that their children are not deprived of education, College was established to provide higher education at the local level. From the establishment of college backward classes students' strength has been increased. It indicates the success of college to provide quality education to the backward classes' students.

Below table shows the increased strength of students year by year.

other than this many unique activities are conducted every year in the institution. Including like every year college organizes “**marriage ceremony**” for economical weaker sections of the society. This activity is very special and unique activity that none other Institutions has organized such unique activity. Extension activities are carried out by the institution for sensitizing students to social issues for their holistic development like various camps through NSS department. Department of Sociology has organised study tour at Gurudas Seva Ashram, Ghatnandur. Distributed food, grains and clothes to create social awareness in the students and to make aware about the social problems, tree plantation, blood donation etc. institution has established Covid centre for the covid infected patients during the covid pandemic situation. Vasundhara College of Arts, Science and Commerce is often ready to extend the helping hands to the society during the period of Covid 19 Pandemic situation. Establishment of Covid centre for the Covid affected patients is very unique and distinctive activity organized by the Institution. in the academic year 2020-21 a special or very distinctive activity has been organized by the institution for the Covid infected patients due to the large number of covid patients in the rural areas, it took a long time to get admitted in the government covid centre so the patients were suffering from serious disease. This covid centre enabled the patients to receive timely treatment, about 180 patients were registered at the centre & 35 patients were referred to the higher centre at Ambajogai. 27 patients with mild symptoms were home quarantined. For this centre total 12 employees were appointed by the zilla parishad health department Beed. All the details about this activity and its report uploaded below.
